

2nd. Bodhi International Conference
on
**INSIGHTS AND INNOVATIONS IN
THE HUMANITIES, ARTS AND SCIENCE 2019 (BICOHAS-19)**

CONCEPT NOTE

"Insights and Innovations in Humanities, Arts and Science" is the theme of upcoming BICOHAS-2019. The rapid developments in Science and Technology are fundamentally altering the way people think, live and communicate with their surroundings. This requires people from the academic world to be at par with these developments in their niche areas by grasping and applying the insights and innovations from Science and Technology for the betterment of the society they live in. This conference seeks presenters who could bring in new insights and innovations from the field of Humanities, Arts and Science which will benefit the Global Community.
